## Reminder: Travel Management/Route Designation Field Trips Coming Up

The Inyo National Forest will be sponsoring two field trips this month to give the public a first hand view of how routes may be managed under each of the various alternatives in the Travel Management – Route Designation Draft Environmental Impact Statement (DEIS), which is scheduled to be released for public review and comment this winter.

In order for the public to gain some understanding about how some of the routes will be analyzed in the alternatives, the Forest Service is hosting the following field trips.

### North End of the Forest – Saturday October 18 – 9:00am – 1:00pm

Meet at the pullout across from the chain-up area on Highway 203 (Mammoth Lakes exit) just west of US 395.

### South End of the Forest – Saturday October 25 – 9:00am – 1:00pm

Meet at the intersection of Highway 168 West and Buttermilk Road (7S01), approximately 7 miles west of Bishop.

**Please RSVP** if you plan to attend one of the field trips, or have special needs for accessibility, by calling Nancy Upham at 760-873-2427, or by email [nupham@fs.fed.us](mailto:nupham@fs.fed.us). High clearance vehicles and carpooling are recommended. Bring water and snacks, wear sturdy shoes, and dress for changeable fall weather.
